Rochester, N. Y.

New Carnation, LAURA VICK.

WHOLESALE CATALOGUE,

For Florists and Dealers Only.

To Our Patrons.

We thank you, one and all, for your liberal patronage the past year, and trust that we may be favored with a share of your orders in the future.

If convenient, give us a call. Our greenhouses are located at Barnard's Crossing, just north of Rochester, fifteen minutes ride on the N. Y. C. & H. R. R. (Charlotte Branch), which lands you at our door; or take the Electric cars (Charlotte line) to Holy Sepulchre Cemetery, which is five minutes' walk from our grounds.

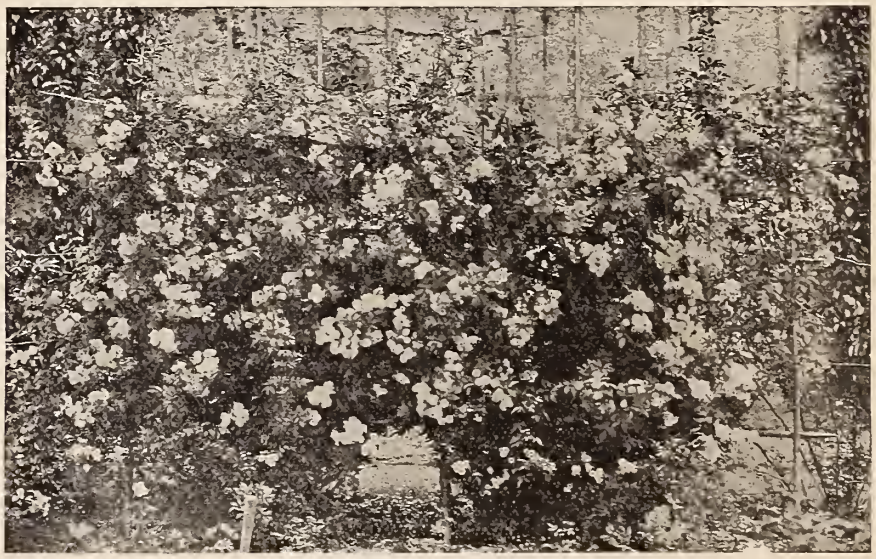
To those who have had no dealings with us, we wish to say, favor us with a trial order. We guarantee satisfaction.

Respectfully yours,

VICK & HILL CO.

Novelties and Specialties.

ROSE.



Yellow Rambler.

The advent of the *Yellow Rambler* makes a very important epoch in the Floral World. Its production is a great triumph in the art of hybridizing.

The *Yellow Rambler* has been found to withstand, without protection, a continued temperature of zero, which proves it to be hardier than any other yellow climbing rose yet introduced, and we believe that by laying the plants down in the winter it can be successfully grown in all the northern parts of the United States.

The flowers are borne in large clusters, after the same manner as the Crimson Rambler, and often as many as one hundred and fifty blossoms in a bunch. The color is a decided yellow, blossoms of moderate size, cup-shaped, nearly full, and of fine form; very fragrant.

The flowers last a long time without fading, and a large bush in full bloom is one of the most beautiful sights imaginable. Habit and growth vigorous.

Strong plants from 2½-inch pots, ~~20~~ .25 cents each; ~~$1.50~~ 2.50 per 10; ~~$10.00~~ 10.00 per 100.

HYPERICUM MOSERIANUM--Gold Flower.

One of the most beautiful herbaceous plants of recent introduction. As a pot plant it makes a very handsome and showy specimen, producing long, slender stems, literally covered with buds and blossoms.

Flowers of large size, measuring from two to three inches across, of a rich golden-yellow, with numerous yellow and crimson anthers.

The plant is perfectly hardy, forming a handsome bush about two feet high.

Strong 1-year plants, per doz., 75c.; per 100, $6.00.
Strong 2-year plants, per doz., $1.00; per 100, $8.00.

HYPERICUM MOSERIANUM.

CARNATION.

LAURA VICK.—This valuable Carnation originated with us in 1892, and we have since grown it with great success. Perfectly healthy, rust proof, free blooming, fragrant, good seller, easy to grow, long stems. These are but a few of the good qualities of this grand variety. Laura Vick is a sport from Tidal Wave, and possesses all of the good qualities of its parent. It is the *only* scarlet Carnation that we have ever grown with profit. The color is a clear soft scarlet, habit and growth identical with that of Tidal Wave. Flowers are borne on long, stiff stems, and never burst the calyx; very fragrant. We put the price of this superb variety very low, so that all of our customers may give it a trial, for we think this will be the leading scarlet Carnation grown.

Rooted cuttings, per doz., $1.00; hundred, $5.00; thousand, $40.00.
Plants, " 1.25; " 8.00; " 50.00.

(*See Cut on Cover.*)

The Queen of "Gilt-Edged Cannas" Queen Charlotte.

The greatest acquisition to this superb class of bedding plants. The flowers are of the most brilliant, dazzling scarlet-crimson, with a massive, broad gold border, excelling in beauty and wonderful display any Canna ever introduced.

The plant is a strong, compact grower, and the flowers stand well above the handsome, musa-like foliage. Each main stem is followed by several lateral shoots which insures an unbroken succession of bloom. No other Canna ever came so quickly into popular favor.

Strong bulbs, per doz., $1.00; per 100, $8.00.

BRONZE CANNA, EGANDALE.

Although this variety cannot be called a novelty, it most certainly stands among the leaders of this popular class of plants. We consider this one of the very finest bedding Cannas. It is a combination of good qualities. Its beautiful dark bronze foliage, fine crimson flowers, and great keeping qualities recommend it. It is less affected by rain and wind storms than any variety we know.

Strong bulbs, per dozen, 75 cents; per hundred, $6.00.

NEW SINGLE VIOLET, THE CALIFORNIA.

It is quite evident that this beautiful New Violet has given general satisfaction and has come to stay. The flowers have taken well in the retail trade, selling rapidly at a greatly advanced price over the Marie Louise.

The flowers are very large, of a clear violet-purple, on long stems, and intensely fragrant.

The plant is a remarkably strong grower, an abundant and continuous bloomer.

Plants, per dozen, 50 cents; per 100, $4 00.
Rooted runners, per 100, $1.00; per 1000, $7.50.

NEW PINK DAHLIA,

"ETHEL VICK."

We grow this Dahlia by the thousand. For cut-flower purposes it is the best selling variety that we ever handled.

Color, sea-shell pink, a most beautiful shade.

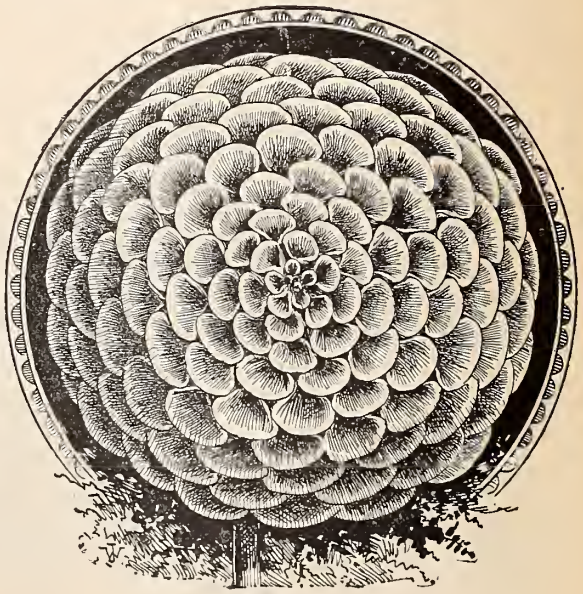
The flower is globular, perfectly symmetrical in form, of medium to large size.

The plant is a strong, healthy grower, and a very free bloomer.

As the Dahlia is again becoming a popular and fashionable flower, it will pay you to try a few of this superb variety.

Strong, field-grown roots, each, 12c.; per dozen, $1.25.; per hundred, $10 00.

A limited quantity of lighter roots and pot-grown roots, each, 8c.; per doz., 75c.; per hundred, $6.00.



ETHEL VICK.

NEW HARDY PHLOX,

"ECLAIREUR."

Perhaps no plant in our grounds attracted so much attention and favorable comment the past season as this beautiful new Phlox. It is a continuous bloomer, and bears immense trusses of large carmine flowers. In the center of each flower is a rosy white star, making a very pleasing contrast with the carmine.

Plant of quite dwarf and sturdy growth.

Per dozen, $1.00; per hundred, $6 00.

ANEMONE WHIRLWIND.

(Anemone Japonica Alba, fl. pl.)

New Double Flowering White Anemone.

It is with considerable pride that we announce to the *Floral World* that we are the disseminators of this superb and valuable novelty. Not often is such a rare and valuable acquisition added to our list of hardy herbaceous plants, and especially one which has so many valuable characteristics. Like the Anemone Alba, from which it is a sport, the blooming season is in the autumn; then it is that the great value of our Anemone Whirlwind becomes apparent, as all flowers are very scarce at this season, especially white flowers; therefore this variety will prove to be indispensable to florists on account of its wonderful adaptability for use in all floral and ornamental designs.

The flowers are about 2½ inches in diameter, pure snowy white, of good substance and very handsomely formed, having several rows of petals.

The plant makes a strong, healthy growth, is well covered with foliage, and in this variety has proved to be even more hardy than its parent; this we consider another great point in its favor.

Having by special effort grown an immense stock of this superb novelty, we are enabled to offer it at a price within the reach of all.

Price, per dozen, 75c.; hundred, $5.00; thousand, $45.00.

Carex Japonica, *Variegata.*

CAREX JAPONICA.

(Variegata.)

An exquisitely beautiful and graceful new variegated grass from Japan, with slender green foliage edged with white.

It is extremely easy to grow, and makes a most excellent plant for house culture, as well as for the garden, where it is said to be quite hardy. Fine for baskets and vases.

Per dozen, 75 cents; per hundred, $5.00.

CYPERUS ALTERNIFOLIUS.

(Gracilis.)

This is a new variety of the Umbrella Plant, with very narrow foliage, which makes it a much more desirable and graceful plant. It is equally showy for pot culture, aquariums or for ferneries.

Per dozen, 75 cents; per hundred, $6.00.

CHRYSANTHEMUM.

Clara Goodman.

Large, Late Flowering Yellow. Honors are not easy to attain at the present time on account of the many introductions in this class of very popular plants, but when we introduced George S. Conover Chrysanthemum as the very best, large, early, flowering yellow, we scored a great success. We want more of the same kind of medicine, therefore, in introducing our new, large flowering, late variety, Clara Goodman, to our customers, they may rest assured that they will not receive an untried sort, which will have to be discarded after growing a year or two. We have grown it five years, and the past season it was even better than the first year it bloomed.

In making up your list of new Chrysanthemums, don't overlook the Clara Goodman, as we are confident this variety will give entire satisfaction and become a popular and standard sort. The flowers of this variety are about the size of Philadelphia, full and double to the center, of a very bright, deep yellow, borne on erect, very stiff stems, which are well furnished with handsome, dark foliage.

Plants per dozen, 75c.; hundred, $6.00.

AZALEAS.

FOR EASTER.

The Azaleas we offer are very strong, and have full, well developed heads, well set with buds.

Our stock of this popular Easter Plant is both large and fine in all the various sizes.

Place your orders early and secure the best stock.

First size, crowns 8 to 10 inches in diameter, each 45 cents; per dozen, $5 00.

Second size, crowns 10 to 12 inches in diameter, each 60 cents; per dozen, $6.50.

Third size, crowns 12 to 14 inches in diameter, each 75 cents; per dozen, $8.00.

Fourth size, crowns 14 to 16 inches in diameter, each $1.25; per dozen, $12.00.

NEW EVERBLOOMING WHITE BEGONIA, NIVEA.

This is the finest White Begonia that has been introduced in many years. The flowers are a pure glistening white, borne on stout stems, that stand well out from the foliage. A strong, free grower, and blooms continuously the year round; does equally well as a bedding or pot plant. In fact, this Begonia is never out of bloom.

Per dozen, $1.50; per hundred, $10.00.

BLUE VERBENA OR BLUE SPIREA.

Shrubby Blue Verbena,

Or Blue Spirea—Caryopteris Mastacanthus.

A handsome half-hardy perennial plant of vigorous growth, producing flowers in the greatest profusion the whole length of its branches. Color rich lavender. A valuable plant either for bedding or pot culture,- blooming continuously until cut down by frost.

Per dozen, 75c; per hundred, $6.00.

NEW POLYANTHA ROSE,

Pink Soupert.

For the Florist who wants a good salable Rose for the retail trade, we especially recommend this variety. It is just the Rose for Spring sales, and sells at sight.

Pink Soupert is a fine free-flowering variety much resembling Hermosa, but much more double and darker, and blooming more freely. Blooms in clusters; flowers a bright pink. The habit of the plant is almost identical with Clothilde Soupert.

Plants from 2½ inch pots, dozen, 60 cts.; per 100, $5.00.

PINK SOUPERT.

STROBILANTHES.

STROBILANTHES DYERIANUS.

Seldom is a plant having so many excellent qualities as this new variety of Strobilanthes brought out. It is equally as desirable for bedding purposes as the Coleus, and may be used in connection with them to great advantage. The foliage is most beautiful, and highly lustrous, being of a bright metallic purple with rose shadings, and a deep green margin. It is equally as valuable for pot culture as bedding. The great beauty of this plant must be seen to be appreciated.

Per dozen, 75c.; hundred, $6.00.

FUCHSIA TRAILING QUEEN.

New Fuchsia, Trailing Queen.

This new and entirely distinct variety will prove of great value, because of its distinct trailing habit. The plant is a very robust grower, and sends out strong, trailing vines, which will droop two or three feet in a very short time.

It branches freely, and as the growth continues downward these branches furnish an abundance of bright, rosy-scarlet flowers. The flowers are borne in clusters, are very large, long and graceful; buds, tube and sepals a bright, rosy-scarlet, while the corolla is of a rich violet-purple.

In all work, such as window boxes, hanging baskets, etc., this Fuchsia will be found invaluable, as the bright, showy flowers will greatly enliven and relieve the usual mass of dull foliage.

Per dozen, 75 cents; per hundred, $5.00.

CLEMATIS.

We have an immense stock of these beautiful hardy climbers.

Henryi—The best large flowering single white sort. Strong two-year plants, per hundred, $25.00; thousand, $220.00.

Jackmanni—The best large flowering purple sort. Strong two-year plants, per hundred, $25.00; thousand, $220.00.

Paniculata—We can hardly say too much in praise of this little beauty. The vine is a strong, robust grower, and is covered in August and September with a snowy mass of beautiful star-shaped white flowers. No other flowering vine that we know of so completely covers itself with flowers. The panicles of bloom are very useful to the florist, both for decorative and design work. Strong one-year roots, per dozen, $1.00; hundred, $8.00.

Davidiana—One of the most desirable, hardy herbaceous perennials, growing from two to four feet in height, with handsome foliage; the leaves growing in whorls around the stem, and the flowers being produced from the axils of the leaves in great profusion. The flowers are bell shaped, similar to the Hyacinth, deep lavender or violet in color, and have a delightful fragrance. Plants per dozen, $1.00; hundred, $7.00.

NEW CHRYSANTHEMUMS.

Glory of the Pacific—This is the best early pink to date. Its extreme earliness, magnificent size, depth of flower, fine broad petals, all combine to make it a great favorite with all growers. The blooms run from 5 to 7 inches in diameter. Color, a pure delicate lavender pink, which is very effective. 15c. each; $1.50 per dozen.

Pink Ivory—This is a sport from the old favorite White Ivory, and is identical with its parent in every way except color, which is a beautiful pink. 15c. each; $1 50 per dozen.

Belladona—A charming, large globular incurved white. The bloom is of great size, and very full, the stems and foliage are well nigh perfect. A variety that will please all. 15c. each; $1.50 per dozen.

Mrs. H. Robinson—This splendid Chrysanthemum is without a peer, and after another season's trial, the verdict comes from all parts of the country. **The best white we ever have grown.** The bloom is of great size and very full, stem and foliage first class. Per dozen, 75c.; per hundred, $5.00.

RHODODENDRON, HYBRIDS.

A genus of well-known evergreen shrubs, remarkable for their beautiful flowers and thick, luxuriant, glossy foliage. Very fine for forcing. Extra nice, imported plants, well set with buds, each $1 00.

HARPALIUM RIGIDUM.

var Miss Mel'ish. A novelty of decided merit, and offered, we think, by only one other house in this country. A hardy perennial in the way of Helianthus Latæfrons, only a much larger and more showy yellow flower, with a blacker center, and a much stronger grower. Per dozen, $1.00.

KALMIA LATIFOLIA.

Or Mountain Laurel—One of the most beautiful shrubs for forcing for Easter. It has an abundance of exquisitely elegant, delicate pink, rose and white flowers. Strong imported plants, well budded, each 75c.

NEW DOUBLE RUDBECKIA, GOLDEN GLOW.

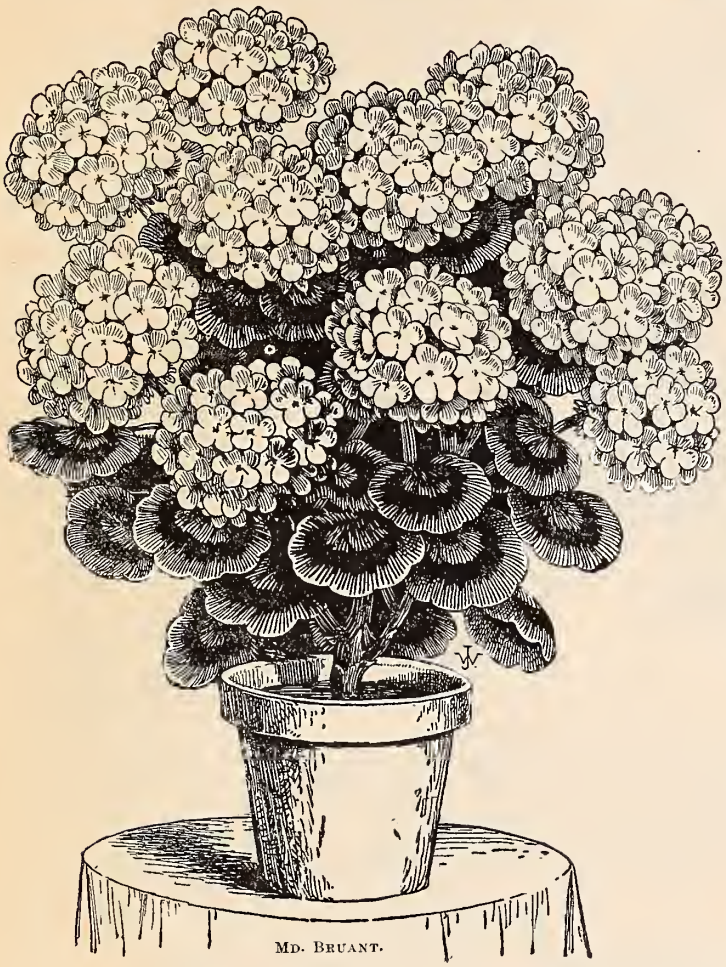
One of the most desirable introductions in hardy plants in years. The plant grows about four feet high and bears an abundance of double yellow flowers, on long, graceful stems. Per dozen. 75c.; per hundred, $5 00.

HELENIUM AUTUMNALE SUPERBUM.

A grand good thing for a herbaceous plant. A single stem will carry several hundred single flowers, a little larger than a silver dollar. Color, bright yellow. Per doz., $1.25.

Five Wonderful Geraniums.

The Five New Geraniums we now Offer are the Most Distinct and Beautiful we have Ever Seen, and are Truly Wonderful.



MD. BRUANT.

MD. BRUANT.

The Novelty of the Year.

A grand variety wholly distinct from any other in cultivation. White, veined with carmine lake, florets regularly bordered with bright solferino, the arrangement of color is exquisite, often intermingling and producing a striped effect; the trusses are large and beautifully formed; the plant is a good, healthy grower, and very free flowering. Everything considered this is the most distinct and wonderfully-colored variety ever sent out, and certainly the finest plant novelty of the year. Will sell on sight.

MD. JAULIN.

Without question the finest new semi-double Geranium offered in many years. This is an entirely distinct color in the Bruant or bedding type. Very large florets compose a truss of grand size; center of flower very delicate pink bordered with pure white; for freshness and beauty this variety is unrivalled by any bedding sort, and is equally as valuable for pot culture and market purposes.

J. SALLIER.

A vigorous growing and remarkably free flowering variety. Trusses very large and of perfect form, composed of single flowers entirely distinct from any existing variety; edges of petals carmine lake, the center is washed in tints of rose and bluish Heliotrope color, the upper petals are veined carmine and marked with orange at the base. This is one of the most distinct and valuable Geraniums of the year, and we recommend it highly.

FLEUR POITEVINE.

Another very distinct colored variety. Large single flowers; color brilliant rosy carmine, marbled and striped with pure white, producing an aureole of deep orange carmine at the center; the plant is dwarf, but robust and wonderfully free flowering.

J. RICAUD.

A very fine free-flowering double variety, with enormous-sized trusses on strong foot-stalks; flowers purplish crimson of a very intense shade, center very distinctly marked white that shades beautifully into the other color. Should be in every collection.

These wonderful new Geraniums were exhibited at the Convention of the Society of American Florists held in Cleveland last Summer, and attracted more attention and were more admired than any other novelties on exhibition there.

Price, 20 cents each; $2.00 per dozen.

VERBENAS.

NEW EVER-BLOOMING CANNAS.

The French, or Ever-Blooming Cannas, are now the most popular bedding plants we have. The flowers are of immense size, brilliant, showy and gorgeous. Their wonderful freedom of bloom, large flower heads and beautiful foliage cannot be excelled by any other bedding plant for a grand display.

These Cannas are also very desirable for house culture. After the plants have done duty in the garden all summer, the roots may be divided, potted, and started into growth. They will soon make elegant blooming plants, and will sell readily with any florist having retail trade.

The varieties we offer are among the best and most popular of recent introduction.

MADAM CROZY.

	DOZ.	100
Admiral Courbet. Flowers very large, beautiful citron-yellow striped with orange-scarlet	$0 60	$4 00
Alphonse Bouvier. The finest crimson; on opening the flowers are intense brilliant crimson, but change to a beautiful deep crimson as they more fully expand; the spikes are very large, and the flowers of immense size. CARNATIONS,

General List.

We are large growers of Carnations for Cut Flowers, Rooted Cuttings and Plants, therefore we are confident that every variety we offer is strictly first-class. Our stock is large and fine and in the best possible health. We guarantee perfect satisfaction.

Rooted Cuttings.

Per dozen, 30 cts.; hundred, $2.00; thousand, $15 00.

PLANTS are Double these prices.

WM. SCOTT.

AMERICAN FLAG.
This Carnation is a grand novelty; it is regularly striped, vivid scarlet and purest white.

ALASKA.
Purest white; a seedling from McGowan and quite similar in habit of growth. The flowers are larger in size and more symmetrical in form than those of its parent; a healthy, vigorous, promising variety.

CORSAIR.
Scarlet McGowan; of strong, vigorous habit, producing its large brilliant flowers on long, stiff stems. Corsair apparently leads us one step nearer to the much-wanted standard scarlet sort.

DAYBREAK.
Daybreak is the best and most popular Carnation grown. It has no rival, therefore is still in great demand. The flowers are a most beautiful shade of delicate pink; large, well formed, and for the retail trade have no equal.

FLORENCE EDDY.
A sport from Nellie Lewis; color a beautiful shade of rose.

HINZIE'S WHITE.
White flowers, large.

LIZZIE McGOWAN.
This is the best white variety ever sent out, and is just what is needed—a strong, vigorous grower, that is, **an early, continuous bloomer.** The flowers are large and full, beautifully fringed, all borne on long stems, and never burst the calyx; very fragrant.

METEOR.
Crimson scarlet; deep and brilliant; flowers very large and attractive; splendid grower, with clean, healthy foliage; flowers will keep a week after cutting.

NELLIE LEWIS.
Brilliant pink, with light splashes of carmine, which add greatly to the intensity of color, and yet are hardly discernable. The plant is a very strong, vigorous grower, unsurpassed in freedom of bloom, delightfully fragrant, and has no equal for producing flowers on long stiff stems.

PORTIA. Bright scarlet, medium size, free.

ROSE QUEEN.
Pure, soft rose color; a beautiful and desirable shade which is always admired and in great demand. The flowers are large, on stiff, erect stems, of good substance, and produced freely on the plant. Mr. Simmons claims Rose Queen to be one of the best of his productions.

SWEETBRIER.
Flowers a delightful shade of pink.

SILVER SPRAY.
Pure, white, large; a beautiful variety.

TIDAL WAVE.
Bright pink.

THE STUART.
Brilliant scarlet, with broad, light green, healthy foliage, producing its blooms on long stiff stems. Try it.

WILLIAM SCOTT.
This grand variety has come to stay; in fact it is the general verdict that it is the best pink Carnation in cultivation at the present time. It is simply perfection in habit of growth, freedom of bloom, size and color. Every grower should plant the William Scott freely.

CHRYSANTHEMUMS.

We grow only the best Chrysanthemums, and our customers may feel assured that the following list is the CREAM for Cut Flower and Exhibition purposes :

GEORGE S. CONOVER.

L. Canning. Pure white, large flower, late.

Louis Boehmer. The Pink Ostrich Plume; silvery pink, shaded deep rose.
